Order No.: S-B-99.00/222M  
Supersedes: S-SI-99.00/222L, June 2007  
Group: 99

**Revision M: Addition of Models 211 and 129 to the STAR Service Library**

**SUBJECT: Availability of Star Service Manual Libraries on CD/DVD-ROMs.**

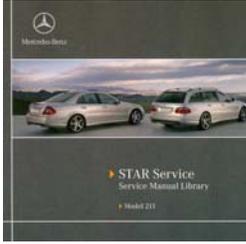

Mercedes-Benz USA is pleased to announce its latest additions to *Star Service Manual Libraries* on DVD. The new volumes cover on DVD: Model 211 (E-Class) from MY2003 to MY2008; and Model 129 (SL-Class) from MY1990 to MY2002.

*STAR Service Manual Libraries* on DVD-ROM or CD-ROM provide access to technical information for out-of-production vehicles. This information has been made available electronically to view with the latest version of Microsoft® Internet Explorer.

These DVD/CDs contain workshop information originally only available in paper, microfiche and the proprietary Mercedes-Benz Workshop Information System (WIS) format. Many of these manuals have been out-of-print and unavailable for years. In producing STAR Service Manuals on CD/DVD, we have dramatically reduced the cost of manuals.

This bulletin has been created and maintained in accordance with MBUSA-SLP S423QH001, Document and Data Control, and MBUSA-SLP S424HH001, Control of Records.

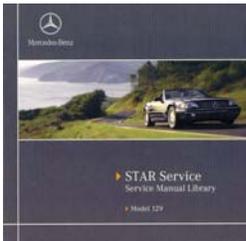

Model 211 Star Service Manual Library on DVD covers years 2003 to 2008. Major topics covered are Repair, Maintenance and Diagnostic Information; Wiring Diagrams with Component Locations; Parts Information; Service Bulletins and DTB; Owners and Introduction Manual.
